

Solving a design problem

Activity 8

Most designs are created to have a purpose or to **solve a problem**.

Identify what the **problem** or **design brief** was for the designs below.

Design	Design brief	✓
 Stapler	Create a design that separates a bundle of papers.	
	Create a design that joins a bundle of papers together.	
	Create a design that cuts a bundle of papers.	

Design	Design brief	✓
 Blinds	Create a design that stops air getting in.	
	Create a design that makes the room warm.	
	Create a design that stops light from entering the room.
