

What do animals do in their free time? Do you know that some pets have hobbies too? Comet the fish  
football. Felix the cat often cartoons with his  
family. Kiki the bird coloured things. And my  
dog Pippin dancing – yes, really, it's true! I  
always to music in the evenings and then  
Pippin around the kitchen! I sometimes  
the guitar and then Pippin . He always makes  
everyone laugh!
