2 Match the comments with words from Exercise 1.

1 I've got a new one. It's really loud and everyone on the train looked at me when it started this morning! *ringtone*

2 Nathan is always using it. His head and his fingers hurt but he still continues!

3 There are sixteen on his new album. My favourite is the last one. It's brilliant.

4 My dad's got hundreds of them - mainly music from the 80s and 90s.

5 In my bedroom I don't wear them but when I'm out, I do.

6 I haven't got any. I watch all my films online now.

7 You can get more music on it than on a phone and it's really small, so you can put it in your pocket.

3 16 Listen to an interview. Match the speakers (1–4) with the questions they are answering (a–h).
