

WORKSHEET

Science Revision

I. Choose the best answer

1. Choose the CORRECT statement.

- A. Gold is a good thermal insulator. B. Thermal insulator transfer heat well.
C. Plastic is a thermal insulator.

2. Which of the following is a thermal conductor?

- A. The metal spoon
B. The wooden bowl
C. The metal spoon and the wooden bowl

3. Which of the following is INCORRECT?

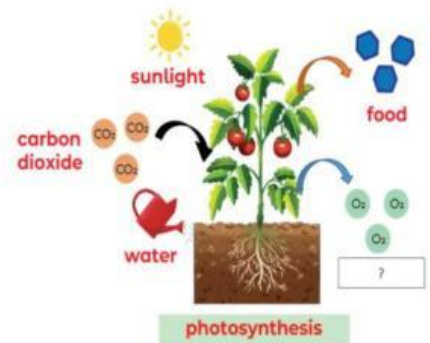

- A. Plants get energy from sunlight. B. Plants need suitable temperatures to grow.
C. Plants use air to transport nutrients to all their body parts.

4. Animals need _____ to find food and grow strong bones.

- A. suitable temperatures B. shelters C. sunlight

5. Look at the diagram, the plant is releasing _____ into the environment during photosynthesis?

- A. oxygen
B. waste
C. nutrients

6. Dora has a new plant and she gives it enough water, sunlight and air. However, the plant's stems and leaves do not grow well. What is the missing factor the plant needs for growth?

- A. nutrients B. water C. sunlight

7. Alice raises a parrot in her bedroom. She gives it water, food and suitable temperature. What other factors does the parrot need to grow?

- A. water, sunlight B. fresh air C. fresh air and sunlight

8. Of the following items, how many of them are pleasant sounds?

A. 1

B. 2

C. 3

9. Choose the CORRECT statement.

A. Sound travels through solid, liquid and gas.

B. Sound does travel in space.

C. Both A & B

10. Jennie is listening to Son Tung MTP's song on TV. Which of the following is pleasant sounds?

A. The sound from TV

B. The sound from the computer

C. The sound from Jennie

II. Fill in each blank with ONLY ONE WORD or ONE NUMBER.

1. The missing part in the diagram is _____

plants need to live and grow.

2. Plants need _____ to grow strong stems and leaves.

3. A sound travels from a sound _____ to our ear.

4. Sounds are made when things _____.

5. Heat is the transfer of energy from a hotter object to a _____ object.

6. Thermal conductors _____

heat well. Metal is a good thermal conductor.

7. Plastic and wood are good thermal _____.

8. Plants and animals need _____ for breathing.

9. Plants and animals need suitable _____ to grow and develop.

10. Plants use _____ to transport nutrients to all their body parts.
