

Name:

Comparison of Cellular respiration and Photosynthesis.

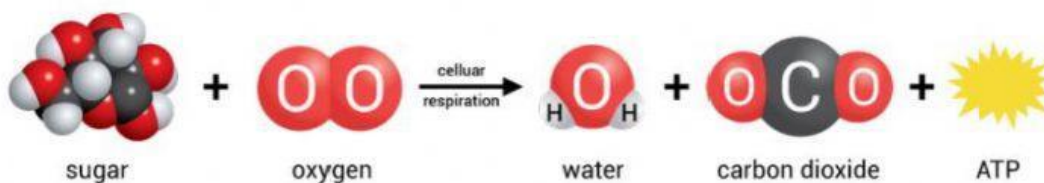

Analyze the following equations and complete the comparison table.

Photosynthesis:

Cellular respiration:

Ms. Sandhya Pallath

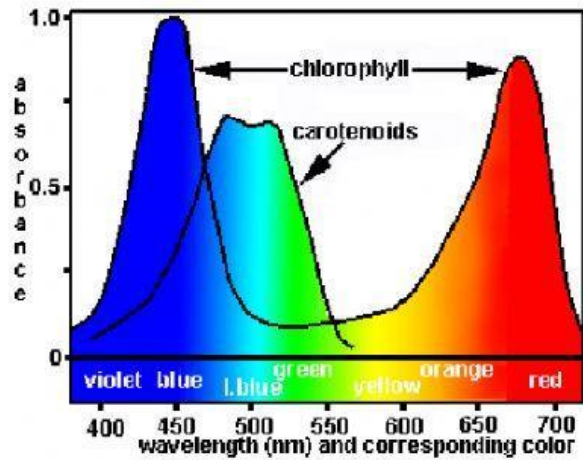

Name: _____

	reactants	products	Sunlight (needed / not)	Chlorophyll (needed / not)	Energy (Stores / release)
Cellular respiration					
Photosynthesis					

Analyze the graph

Pigments can absorb and reflect different colors of light. Chlorophyll absorbs _____ light.

Chlorophyll reflects _____ light.
