

# E-LKPD 2

**Materi :** Prisma dan Limas

**Tujuan Pembelajaran :**

1. Memahami definisi prisma dan limas.
2. Mengidentifikasi unsur-unsur prisma dan limas.
3. Mengidentifikasi jaring-jaring bangun prisma dan limas.

**Alokasi Waktu :** 40 Menit E-LKPD, 10 Menit AR

**Nama Kelompok (Absen) :**

1. ....
2. ....
3. ....
4. ....
5. ....

## Petunjuk Kerja

1. Siapkanlah *handphone* untuk mengerjakan E-LKPD!
2. Tulislah identitas kelompok kamu!
3. Bacalah secara keseluruhan perintah pengerjaan pada E-LKPD dengan teliti!
4. Amati permasalahan yang diberikan, jika ada kesulitan tanyakanlah pada guru!
5. Jawablah dengan cara mengetikkan jawaban pada E-LKPD!

## Kegiatan 1

Marilah perhatikan gambar di bawah ini menggunakan aplikasi Shinta AR3D!

SCAN AR

SCAN AR

## Kegiatan 2

Gambar 1

Gambar 2

Gambar 3

Gambar 4

Gambar 5

Gambar 6

Gambar 7

Perhatikanlah gambar di atas! Gambar di atas berhubungan dengan prisma dan limas.

a. Klasifikasikanlah gambar mana saja yang termasuk prisma dan limas!

| PRISMA | LIMAS |
|--------|-------|
|        |       |
|        |       |
|        |       |
|        |       |
|        |       |
|        |       |

### Kegiatan 3

Lengkapilah tabel unsur-unsur prisma dan limas berikut ini!

| Gambar                                                                              | Nama Gambar | Banyak |             |      |
|-------------------------------------------------------------------------------------|-------------|--------|-------------|------|
|                                                                                     |             | Rusuk  | Titik Sudut | Sisi |
|    |             |        |             |      |
|    |             |        |             |      |
|  |             |        |             |      |
|  |             |        |             |      |

|                                                                                     |  |  |  |  |
|-------------------------------------------------------------------------------------|--|--|--|--|
|    |  |  |  |  |
|    |  |  |  |  |
|   |  |  |  |  |
|  |  |  |  |  |

## Kegiatan 4

Pasangkanlah jaring-jaring dari prisma dan limas di bawah ini dengan benar!

|                                                                                     |                                                                                     |                                                                                       |
|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
|    |    |    |
|    |    |    |
|    |    |    |
|   |   |   |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |

## Kegiatan 5

Berdasarkan jaring-jaring prisma, coba sebutkan nama bangun datar apa saja yang ada pada jaring-jaring prisma!

Berdasarkan jaring-jaring limas, coba sebutkan nama bangun datar apa saja yang ada pada jaring-jaring limas!

## Kegiatan 6

Setelah menjawab kegiatan di atas, jawablah pertanyaan di bawah ini dengan benar!

1. Bisakah kalian mendefinisikan apa itu prisma dan limas?

**Prisma adalah**

**Limas adalah**

2. Apa perbedaan limas dan prisma?
