

1. According to Yule, which property of language refers to the ability to produce and comprehend an infinite number of utterances?
  - a) Duality
  - b) Displacement
  - c) Productivity
  - d) Arbitrariness
2. What term describes the property of language where the relationship between linguistic signs and their referents is arbitrary?
  - a) Duality
  - b) Displacement
  - c) Productivity
  - d) Arbitrariness
3. Which property of language allows speakers to talk about past, present, and future events that may or may not be directly present?
  - a) Duality
  - b) Displacement
  - c) Productivity
  - d) Arbitrariness
4. According to Yule, what term refers to the property of language where complex messages can be built up out of smaller parts?
  - a) Duality
  - b) Displacement
  - c) Productivity
  - d) Arbitrariness
5. Which property of language allows speakers to convey meaning through combinations of sounds, words, and grammatical structures?
  - a) Duality
  - b) Displacement
  - c) Productivity
  - d) Arbitrariness
6. What property of language allows speakers to convey information about abstract concepts, hypothetical situations, and non-immediate contexts?
  - a) Duality
  - b) Displacement
  - c) Productivity
  - d) Arbitrariness
7. Which term describes the property of language where speakers can use language to talk about things that are not present in the immediate environment?
  - a) Duality
  - b) Displacement

- c) Productivity
  - d) Arbitrariness
8. What term refers to the property of language where linguistic signs can be combined in various ways to create new meanings?
- a) Duality
  - b) Displacement
  - c) Productivity
  - d) Arbitrariness
- 9- What theory suggests that language originated from imitations of natural sounds in the environment?
- a) Bow-wow Theory
  - b) Divine Creation Theory
  - c) Evolutionary Theory
  - d) Pooh-pooh Theory
- 10- Which theory proposes that language emerged from the need for early humans to engage in cooperative activities, such as hunting or tool-making?
- a) Evolutionary Theory
  - b) Gestural Language Hypothesis
  - c) Social Interaction Hypothesis
  - d) Yo Heave Ho Theory
- 11-According to the Evolutionary Theory, how did language evolve?
- a) Through divine intervention
  - b) Through genetic mutations and social interactions
  - c) Through imitation of animal sounds
  - d) Through symbolic gestures and drawings
- 12-What theory posits that language was a gift from a divine entity?
- a) Bow-wow Theory
  - b) Divine Creation Theory
  - c) Gestural Language Hypothesis
  - d) Pooh-pooh Theory
- 13- Which theory suggests that language originated as a system of gestures and body movements?
- a) Divine Creation Theory
  - b) Gestural Language Hypothesis
  - c) Pooh-pooh Theory
  - d) Evolutionary Theory
- 14-According to the Bow-wow Theory, where did language originate from?
- a) Divine intervention
  - b) Emotional expressions
  - c) Genetic mutations
  - d) Imitation of natural sounds
