

We are going to the shop!

Hello. My name's Julia. Today is a wonderful day. Do you know why? Because my mum and I are going shopping!

When we go shopping, we always have a plan. Today we are going to the supermarket and to the clothes shop. So we have two shopping lists. In the supermarket we will buy: milk, bread, cheese, meat, vegetables and fruit. In the clothes shop we will buy: two T-shirts for me and a skirt for my mum.

I always want to buy some sweets or some toys when we go shopping. But we only buy things from our shopping list.
