

## Describing A Pet

My dog, Simon, is a funny animal. He is all white, but he has a pink nose and long legs. Simon is only one year old. He sleeps on a red pillow next to the heater. Most of the time Simon is very quiet, but when he sees a cat or a bird he barks loudly. Simon likes to run and he can run as fast as a rabbit. He also likes to carry things. Every time he goes out, he finds a stone and carries it home carefully. We have a big collection of his stones in our garden.
