

Is Technology always good?

Technology is really useful but we have to be sensible when we use it.

Drag the good things and bad things about using technology in the correct columns.

Good things	Bad things

Health and mental issues	Develop creativity
Bad content	Eye sight problems
Research educational information	Develop problem solving skills
Increase motivation	Sedentary behavior

Technology means machines or tools that are made by people.

What technology can you find around your school?
Write or draw pictures of your findings!

Technology in my school...
