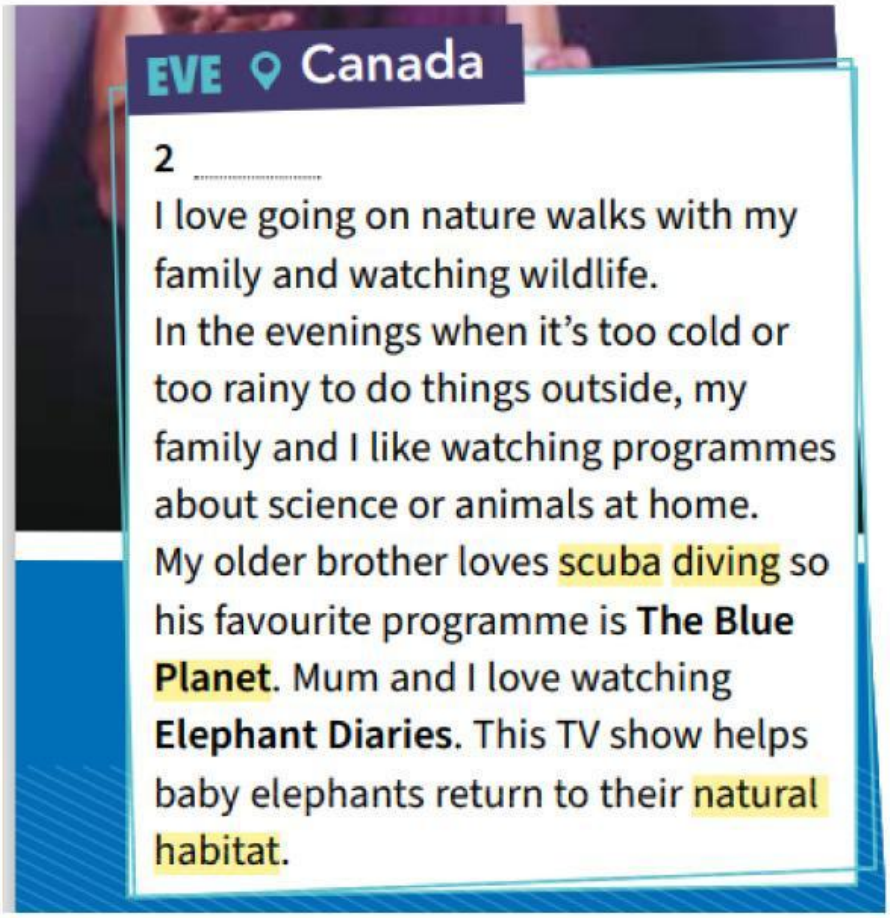
LIVEWORKSHEETS



EVE ⚲ Canada

2 .....

I love going on nature walks with my family and watching wildlife.
In the evenings when it's too cold or too rainy to do things outside, my family and I like watching programmes about science or animals at home.
My older brother loves scuba diving so his favourite programme is **The Blue Planet**. Mum and I love watching **Elephant Diaries**. This TV show helps baby elephants return to their natural habitat.

KAREN ⚲ Northern Ireland

3 .....

I have to do my homework first before I watch TV, but one programme my parents never miss is Britain's Got Talent. They love it when there are people on the show doing gymnastics or acrobatics.
I love music, singing and dancing. I get bored watching Britain's Got Talent because a lot of people on the programme do other things. I'm a good singer, so I prefer watching The Voice in my free time.
