

LET'S START WITH OUR COURSEBOOK!!!

1. Antes de comenzar con las actividades propuestas, ver VIDEO explicativo para luego poder resolver de manera correcta las diferentes consignas.

Millions of years ago –
At present –
In the future...

2 Read the cues and complete the descriptions.

1 live in cave / hunt animals to eat and make clothes / not go to school / not know how to read or write

2 live in house or flat / go to work / make money to buy food and clothes / study at school or university surf the Internet and send email

3 live in small room / not go to work / work online / not drive car / use flying vehicle / robots do hard work / not use fuel or battery

In the past, our predecessors lived in caves. They hunted wild animals. They made the animals and then they made clothes with their skin and fur. They did not go to school and they did not know how to read or write.

At present, most people live in houses or flats. In general, adults go to work every day. They must make money to buy food and other things like clothing items. Children and teenagers study at school or university. Nowadays, most people surf the Internet and send emails.

In the future, most people will live in small rooms in community buildings. People will work to work every day. They will work online from their homes. They will not use cars; they will use only will use flying vehicles to go from one place to another. Robots will do the hard work and we will not use fuel or batteries anymore, only solar power electricity.

Listen to TRACK 2.

3  Put this interview in order using numbers. Then listen and check.

- ☐ Anna: Hi! Of course you can. **Go ahead!**
- ☐ Anna: Yes. Some people believe that human beings **evolved** from monkeys... and others disagree...
- ☐ Interviewer: The first question is... why did you decide to study history?
- ☐ Interviewer: Is it possible to **gather** exact information of events that happened millions of years ago?
- ☐ Anna: Well, in fact it is very difficult... but there are many studies and different theories on human evolution...
- ☐ Interviewer: Hello Anna! Can I ask you some questions?
- ☐ Interviewer: Can you give me one example of these theories?
- ☐ Anna: Because I wanted to learn about the origin of the world and the evolution of **human beings** along history.

Listen to TRACK 3.

4  Listen to the second part of the interview and circle T (True) or F (False).

1. Anna thinks that humans evolved from monkeys.
2. Anna says that there are many theories on human evolution.
3. Anna believes that in the future there will only be robots.
4. Anna will come back to this TV programme some other day.
