We are the biggest animal shelter in the town. We help animals at the shelter. We feed all the animals twice a day: in the morning and in the afternoon. Our vets examine ill animals every morning. Now it's two o'clock in the afternoon. Cats are playing with their balls in the garden, and dogs are swimming in the pool. There are more than twenty rabbits in our shelter. They are running around and climbing trees now.

We also have visitors every day. People can come and visit our shelter. Children can play with the animals in the shelter garden on Sundays. People over age twenty-five can adopt an animal from our shelter. Young people or kids can't adopt an animal, but they can donate money to our shelter. We need that money to buy food and medicine for our animals.
