3. Choose the characteristic that matches the material. [1.5]

1.

- a. rigid
- b. flexible

- c. shiny
- d. weak

2.

- a. waterproof
- b. absorbent

- c. rough
- d. natural

3.

- a. absorbent
- b. blue

- c. strong
- d. weak

4.

- a. rigid
- b. absorbent

- c. waterproof
- d. shiny

5.

- a. flexible
- b. shiny

- c. rigid
- d. absorbent

6.

- a. rigid
- b. waterproof

- c. rough
- d. weak

4. Choose the words in the box to fill in the blank. [3.5]

<i>absorbent</i>	<i>shiny</i>	<i>smooth</i>	strong
<i>rigid</i>	<i>flexible</i>	<i>waterproof</i>	

- a. Fabric is used for making a mop because it is 
- b. Wood is used for making a hammer because it is 
- c. Stone is used for making these steps because it is 
- d. Rubber is used for making a hosepipe because it is 
- e. Metal is used for making jewellery because it is 
- f. Metal is used for making a spoon because it is 
- g. Plastic is used for making a watering can because it is 

5. Write SOLID or LIQUID next to these materials. [1.5]

a. 

b. 

c. 

d.
