**Tip:** Click on the **red button** with the microphone and then **say out loud** the missing word/s while it is blinking!! Try to speak close to your microphone and pronounce the word/s loudly and clearly! Try it several times until you get it right!

"Another night and I \_\_\_\_\_

They all make \_\_\_\_\_ and so did we

But we did something we can never \_\_\_\_\_ right

Find a new one to \_\_\_\_\_

Leave and don't look back, I won't \_\_\_\_\_

We have nothing \_\_\_\_\_, it's the end of our time

We can't \_\_\_\_\_ the pain away

We can't \_\_\_\_\_ a need to stay

There's no more \_\_\_\_\_ in my hat to make things right."
