

Which paragraph (1-4): a) introduces the topic? B) gives the writer's opinion? c) gives the advantages with reasons/examples? d) gives the disadvantages with reasons/examples?

1

We all like going to the zoo, but what about the animals? How do they feel? Should we keep animals in zoos, or is it wrong to take them out of their natural habitat?

2

On the one hand, zoos play an important **role** in nature conservation. Many natural habitats are **in danger**. By keeping **endangered species** in zoos, we make sure that they **survive**. In addition, a good zoo can be very educational as it teaches us how animals behave and how they **act** in their habitat. This way we learn how to protect them.

3

On the other hand, there are certain **drawbacks** to keeping animals in zoos. Zoos cannot **recreate** an animal's natural habitat and animals can be very unhappy in **cages**. It would be more useful to spend money on protecting habitats rather than zoos. Furthermore, there are a lot of good documentaries about animals so zoos are not really necessary for education.

4

To sum up, there are strong **arguments** both **for** and **against** zoos. Nowadays, most zoos do their best to protect animals. However, I believe that animals should live in an as natural **environment** as possible and we must do our best to protect them and their habitats.
