**Name** _____ **Date** _____
Unit 6 test: Measurement, area and perimeter
1   Identify, name and describe these 2D shapes.

a   Name: _____

b   Name: _____

c   Name: _____

2   Classify these 2D shapes.

|					
a	semicircle	☐ vertices ☐ straight sides ☐ curved sides	d	rectangle	☐ vertices ☐ straight sides ☐ curved sides
b	octagon	☐ vertices ☐ straight sides ☐ curved sides	e	circle	☐ vertices ☐ straight sides ☐ curved side
c	hexagon	☐ vertices ☐ straight sides ☐ curved sides

3   Calculate the perimeters of these shapes.

a

4
7

perimeter: _____

b

5

5
perimeter: _____

c

5

9

perimeter: _____

4   Measure and calculate the area of this shape.

length of each side: _____

measured area: _____ square centimetres

5   Calculate the area of these shapes. Each square is 1 square centimetre.

a

b
