

Festival Day

I hear the sound of the beat
and clapping

I can feel the slowly rhythm
around me.

I feel wonder in the trumpets honk.

The drums thump and bang.

People tap their feet on the ground

I want to play and enjoy the music
when I grow up.

I can hear all the birds singing.

1

I run to the window.
Hear the sound of the beat
Everyone is clapping
Outside in the street.

2

I hear the drums
That thump and bang
I look at the cymbals,
Sparkling as they clang.

3

I run outside
And hear the sound
Of people tapping
Their feet on the ground.

4

The band plays slowly.
One, two, three.
And I can feel the rhythm
All around me.

The trumpets honk
And sound like thunder.
The players puff their cheeks,
As I listen in wonder.

The birds are so excited.
I see them flap their wings.
They join in with the music.
I can hear them all sing.

When I grow up,
I really want to play
In a music group,
And enjoy music every day.
