LISTEN AND READ:

Hello! We are Asael and Leandro, we live in Argentina. Our house is comfortable, quiet and white. There is a large garden in the front. There is only one neighbor because we live outside the city. Our house is near a natural area.
There are three rooms and the garage in the house. The garage is an open space and it also functions as a roofed patio. In the garden, there is a fire pit (a place where we lit bonfires). There is a small homegrown area, too! There are plants and flowers, of course. There are three trees.
Inside the house, there is a large open space with a kitchen, a sitting area and a dining area. In the kitchen, there is a cupboard, a sink, a stove and there are two shelves. There are two bikes in the kitchen, too. There are two tool boxes and two litter boxes for the cats. There are two huge windows and lots of plants in the dining area. There is only one picture on the wall.
The small room is our office. There is a big bookcase, one cupboard and there are two desks. Last, there is a board to write down important things.
The last room is our bedroom. There is a king-sized bed, an old wardrobe and a big mirror. There are two light tables and there is a blue Brazilian rug.
The bathroom is huge! There is a vanitory and of course, there are a lot of plants, too!
