

IMAGINE

John Lennon

Imagine there's no heaven even
It's easy if you try cry
No hell below us is
Above us, only sky fly

Imagine all the people triple
Livin' for today delay

Imagine there's no countries mounties
It isn't hard to do too
Nothing to kill or die lie for
And no religion, too

Imagine all the people triple
Livin' life in peace feast

You may say I'm a dreamer creamer
But I'm not the only one once
I hope someday you'll join us is
And the world will be as one once

Imagine no possessions successions
I wonder if you can fan
No need for greed or hunger
A brotherhood of man ban

Imagine all the people triple
Sharing all the world word

You may say I'm a dreamer creamer
But I'm not the only one once
I hope someday you'll join us is
And the world will live as one once
