

Assessing our delicious adventure

Match each concept learned in the unit with its corresponding definition.

Past Simple ●

● consuming nutritious foods for overall health.

Landscape ●

● Global goals facing social, economic, and environmental challenges.

Healthy Eating Habits ●

● actions that happened in the past.

Sustainable Development Goals (SDGs) ●

● space geographical features such as mountains, rivers, and forests

Diorama ●

● Nourishment and wellness

Well-Being ●

● Three-dimensional model representing a scene.

Write a personal reflection on your experience in the previous lessons. Answer the following questions:

- Which concept was most interesting or useful to you?

- How do you think these lessons have helped you improve your understanding of English and other important topics?

- What new skills or knowledge have you acquired? (tell me one)

- How do you plan to apply what you have learned in your daily life? (tell me one situation in which you can apply something of the things learned: past simple, vocabulary, prepositions...)
