

18 Look at the times. Complete.

Montana

John

California

Kara

- 1 It's eleven fifteen in Montana. What time is it in California? _____
- 2 It's ten fifteen. Where am I? _____

19 Listen and circle.

Time isn't the same around the world. We live on a ¹ **globe** / **circle** with different time ² **days** / **zones**. There are often different ³ **time** / **night** zones in the same country, too, such as in Russia or in the U.S.A. The U.S.A. has four ⁴ **different** / **big** time zones.

For example, when it's 10:30 a.m. for Kara in California, she's in class. But John in Montana is getting hungry because it's 11:30 a.m. He wants his ⁵ **breakfast** / **lunch** soon! It's already ⁶ **lunch** / **dinner** time for Maria in Texas, where it's 12:30 p.m.

20 Read and write.

It's one o'clock in London. What time is it in...

- 1 Los Angeles? (-8 hours) _____
- 2 Mexico City? (-6 hours) _____
- 3 Moscow? (+3 hours) _____
- 4 Istanbul? (+2 hours) _____
