1. Read the situation below, you will be given **TWO** option. Prepare your points based on the option you choose.

Your mother's birthday is next week, and you planned to buy a new pair of sneakers for her since her shoes are already old and worn out. At the same time, your friend invites you for an outing on the weekend which uses some of the money you save for the sneakers.

Option A: You purchase the sneakers.

Option B: Go for the outing.

You should say:

- Why do you choose the option? State your reason.
- What do you feel about the option?
- If you want to choose both options, what should you do to make it happen?
