## Tally Marks

1. - **Tally marks** are a way to count and keep track of numbers using simple lines.
  - Each tally mark is represented by a single vertical line ( | ).
  
2. - **Counting with Tally Marks:**
  - Start with numbers 1 to 4:
  - **1** is represented as: |
  - **2** is represented as: ||
  - **3** is represented as: |||
  - **4** is represented as: ||||
  - The **fifth** mark is drawn **diagonally across** the first four lines:
  - **5** is represented as: 

Count the **tally marks** and write the number.

1.  $\text{||||} \text{||} = \underline{\quad}$

2.  $\text{||||} \text{||||} = \underline{\quad}$

3.  $\text{||||} \text{||||} \text{||} = \underline{\quad}$

4.  $\text{||||} \text{||||} \text{||||} = \underline{\quad}$

5.  $\text{||||} \text{||||} \text{||||} \text{||} = \underline{\quad}$

6.  $\text{||||} \text{||||} \text{||||} \text{||||} = \underline{\quad}$

7.  $\text{||||} = \underline{\quad}$

8.  $\text{||||} \text{||||} = \underline{\quad}$
