

Front Desk Clerk: Good evening! Welcome to our hotel. How may I assist you today?

Customer: Good evening. We need a room for tonight. Do you have any available?

Front Desk Clerk: Let me check for you... Yes, we have a few options available. How many people are in your party?

Customer: There are **four of us—two adults and two children.**

Front Desk Clerk: Great. We have a **family suite** that would be perfect for you. It has **two bedrooms and a living area.** Would you like to book it?

Customer: That sounds good. What's the rate for the family suite?

Front Desk Clerk: The rate is **\$200** per night, including breakfast.

Customer: That's fine. Can we book it?

Front Desk Clerk: Absolutely. Could you please provide your ID and a credit card for the booking?

Customer: Sure, here they are.

Front Desk Clerk: Thank you. Everything is set. Here are your room keys. **Your suite is on the third floor.** Is there anything else you need assistance with?

Customer: Do you have **a crib available for our baby?**

Front Desk Clerk: Yes, we can arrange that for you. It will be brought up to your room shortly.

Customer: Thank you very much!

Front Desk Clerk: You're welcome! Enjoy your stay with us. If you need anything, feel free to call the front desk.
