Dear Lucas,

At the moment, I'm sitting (1) on the beach with two alien friends, using their solar-powered laptop! They (2) came back with me from our trip in the space capsule. We arrived back on Earth two days (3) ago and now all three of us (4) are very tired. Travelling in space was hard work, (5) but it was a lot of fun too. Next week, a tourist is coming (6) to us. She's a millionaire and she has (7) over \$25,000,000 for the trip. First, we're (8) going to the aliens' space station on Mars. After (9) that, we're going to Venus. I'll (10) take lots of photos and send them to you.

Love,

Sophie
