LISTENING TEST

Go Beyond 5

UNIT 1 ❯❯❯ You have 10 minutes.

Name _____ Date _____

REMEMBER HOW TO …

Take clear notes

- Know why you need your notes. Focus on relevant information.
- Decide how to organize your notes: headings and bullet points, or a network or a mind map?
- Leave space to add further information.
- Only write words and short phrases. Use abbreviations: *i.e.*, *e.g.*, >, =
- Check your notes while your memory's fresh.

PLAY Section 1

Choose true (*T*) or false (*F*).

1 The talk is about a very common neurological disorder. T / F

2 Prosopagnosics have problems remembering people's names. T / F

3 Scientists still can't explain exactly how the brain can recognize faces. T / F

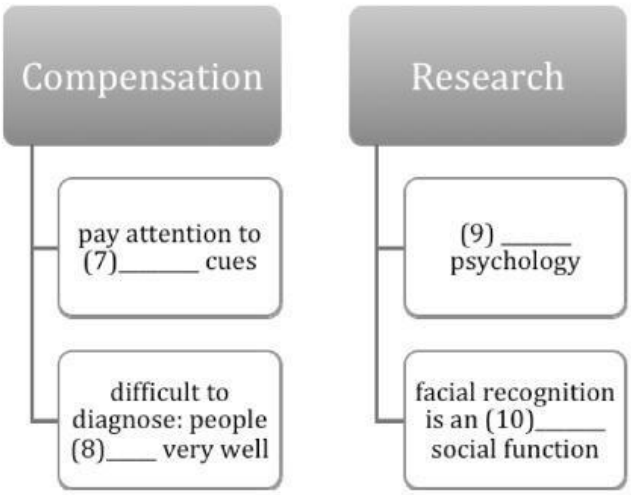

4 Recognizing people out of context is difficult even for people without the disorder. T / F

5 Dr. Jackson has prosopagnosia. T / F

6 Prosopagnosics are unable to recognize faces they see every day. T / F

PLAY Section 2
