

## GEORGIA

### 1. Country and borders

Do you remember the ancient Colchis and the myth of Jason and the \_\_\_\_\_ Fleece? That is where I come from, Georgia! It is in the \_\_\_\_\_ Asia, bordering the Black Sea, which the Greeks called Pontus Euxinos, Turkey and Russia.

### 2. Weather

The temperature is \_\_\_\_\_ and it is usually sunny and warm. The country is mountainous, but along the coast we \_\_\_\_\_ vines, tea and citrus fruit. In this area the \_\_\_\_\_ rarely drops below zero.

### 3. People and problems

Many people work in copper and coal \_\_\_\_\_, or in oil \_\_\_\_\_. Others sometimes leave their hometown to find work. My uncle works in T'blisi, the capital of Georgia.
