

A \_\_\_\_\_ in the tree, is he watching me?  
Does he give a \_\_\_\_\_? Does he care who I am?  
I'm just a man, is that all I am?  
Are my \_\_\_\_\_ misinterpreted words or only human?  
I'm human  
  
Murderous crow, hey, what you know?  
What you reading \_\_\_\_\_? What you hold in your toes?  
Is that a twig? Are you a \_\_\_\_\_ of peace?  
Black dove undercover with another puzzle piece  
  
Are you a \_\_\_\_\_ to solve all along?  
Or am I overthinking thoughts? I'm human, \_\_\_\_\_  
Only human, made of flesh, made of sand  
Made of human

The planet's talking about a revolution  
The natural \_\_\_\_\_ ain't got no constitution  
They've got a right to live their own life  
But we keep \_\_\_\_\_ over paradise

'Cause we're only human  
Oh yes we are, only human  
If it's our only \_\_\_\_\_  
Oh do we think we'll keep on being only human?  
Oh yes we are, only human  
So far, so far

Up in the major's tree  
The one he planted back when he was just a boy  
Back in \_\_\_\_\_  
Thirty meters and a foot, take a look, take a climb  
What you'll find is the product of a \_\_\_\_\_

The seed is sown, all alone  
It grows \_\_\_\_\_ with a heart of love  
A sharpened shelter of the animals  
Of land and cold weather breathing  
We're all \_\_\_\_\_

(REPEAT)

And this place, it will outlive me  
Before I get to \_\_\_\_\_ I'll climb that tree  
And I will have to give my thanks  
For giving me the \_\_\_\_\_ to swing on  
If I ever fall in love  
I'll hope to give myself a baby  
I will let my children have their \_\_\_\_\_

(REPEAT)
