

Enlightening points from life of "prophet Idrees"

“And mention in the Book Idris. Indeed, he was a truthful prophet, and We raised him to a high position.”

☆ God Almighty honored Prophet Idris (peace be upon him) in the Holy Quran and praised his sincerity and honesty.

☆ He reached a high position in the sight of God due to his great devotion and worship.

☆ Idris (peace be upon him) was the first person to know how to write with a pen. He passed this amazing knowledge on to the people around him, and so it has reached us until today.

☆ It is said that he was also the first to gather an army and fight the oppressors.

When Idris (peace be upon him) felt his death approaching, he began to complain about his deeds and the length of time he spent in worship during his life. Despite their greatness, he felt dissatisfied. He had an angelic friend, so he asked him to speak to the Angel of Death and ask him to delay his death. Idris (peace be upon him) wanted more time to increase the worship of God (Glory be to Him) and do the greatest deeds.

The angel agreed to help him and take him to heaven. There they met the Angel of Death in the fourth heaven, but unfortunately, Idris (peace be upon him) was destined to leave the world at this moment, and so it happened. In the fourth

heaven, the Angel of Death captured the soul of Idris (peace be upon him). “Truly, a unique exit from this world to the afterlife! ☆ God Almighty is capable of everything.

God Almighty has declared in the Qur'an:

“And God will not delay a soul when its time has come.”

☆ The exact time of each person's death is written. And when the time comes, nothing can delay it.

My dear children, we must always be ready to return to our Creator, at any time. Idris (peace be upon him) returned to his state of good deeds, and wants to do more. It is very important to always be prepared and in the mood to do good deeds like these, because when the time comes to return to God Almighty, nothing

can stop it.
