Lizards

Example There are about 5000 different kinds of lizard in the world. Most lizards are small to sit on a person's hand. biggest kind looks more like a crocodile, and is a 'Komodo Dragon'. Lizards that live in trees or in grass are usually green lizards that live in deserts are grey or yellow. Most have four legs and a long tail. Sometimes a lizard loses tail. But another one will usually grow later. Lizards have very short necks, and ears on the outside of their heads. Some people they are ugly! Lizards see different colours and are very good at the quietest sound. They climb trees or over rocks very quickly and some can run across water too. Small lizards eat insects. Bigger lizards catch birds or other small animals to eat. A lizards only eat plants. Lizards quickly get cold, so most live in hot countries, they can lie in the sun all day.
