Hi, my name is Ross. My favourite lesson at school is cooking.
Our teacher teaches us how to make lots of delicious meals. She also gives us a lot of information about food. We find out about food from different countries – where it grows and how much it costs. We learn about healthy food, like fruit and vegetables, and unhealthy food, like cakes and biscuits!
I think it's very important to learn how to cook well, so that we can make good meals. Fresh food tastes very good and healthy.
My cousin Sam lives in Scotland. He's learning how to make haggis in his cooking class, but he prefers chips and pizzas!
