

Verse

A rainbow is never formed by chance

The blossoming colors always dance in a _____ (l~~r~~w~~n~~h~~i~~i~~d~~w) of a thousand _____ (ue~~h~~s)

Under that _____ (it~~l~~i~~r~~b~~l~~a~~n~~) crimson sky, I was falling so hard

And I knew that my world was you

Pre-chorus

It's not a moment you can capture on film

But even so, I'll never let it disappear

You are a song and every last note is carved into my heart

Chorus

This is our rainbow-colored symphony

Every day, a symphony

A beautiful sound I've never known

A melody no one can play alone

Crying, laughing from hello

DO-RE-MI-FA-SOL

All of our emotions form this symphony

Verse

I breathe a sigh and watch the sky as it collects this little _____ (os~~l~~sh~~p~~ee) puff of air

There are a thousand cherry blossom petals _____ (w~~l~~n~~i~~g~~t~~i~~r~~) to a silent song up there

I spin around and around and around and around and then spin right around

I'm waiting _____ (y~~t~~n~~e~~t~~l~~p~~i~~a) for spring but I don't know if I can bear it without you around

Pre-chorus

Don't you know you have a little magic in you?

It wipes away the _____ (m~~h~~n~~r~~oo~~c~~ome) hue

And fills this world with color when you laugh beside me
Hey, let's go and make the most of today
Our time is _____ (esupciro), they say, and I wanna spend it all with you

Chorus

You were the one, you were always the one - You were the light in my life
When you're with me, we can take on the night, shining like stars in the sky
Don't hide away - Never hold back your tears, trying so hard to be strong
Only for you, I'd gather the stars, 'cause with you is where they belong

Bridge

After the storm has passed, I looked up to sky
That brilliant blue, a bittersweet goodbye
I remember how we laughed – It always makes me smile
In a single beat, both our paths began to meet
So I'll take a vow, here and now, as we're shining bright

Chorus

Among a million stars, a single love is born
A burning light, to last the test of time
When the winter turns to spring and today, into the next
It's a symphony of each and every dream

Verse

We were walking side by side, just a single step away
I wish I could recall what had made us laugh at all
How I miss the magic of those _____ (ndaryiro) days
Even now, it's still all so clear and your voice is the music I hear
You are still the orange of the sunset in my dreams

Verse

I just really wish that you were here

'Cause inside my dreams it's not enough

To hear your voice once more, that's all I'm asking for

We'll pick up our _____ (uted), 'cause it can't be finished yet ...

I just really wish that you were here to compose another memory

I promise when I find I'm missing you, I'll play ... Our _____ (ypnsyhom)
