

Instructions: think of activities you used to do when you were younger and write the word in the blanks. Think smart to relate the song lyrics to your activities.

Used to by Daughtry

[Verse 1]

You used to (talk) to me like
I was the only one around
You used to (lean) on me
The only other choice was falling down
You used to (walk) with me like
We had nowhere we needed to go
Nice and slow
To no place in particular

[Chorus]

We used to (have) this figured out
We used to (breathe) without a doubt
When nights were clear, you were the first star that I'd see
We used to (have) this under control
We never thought
We used to (know)
At least there's you, and at least there's me
Can we get this back?
Can we get this back to how it used to be?

[Verse 2]

I used to (reach) you when
I got lost along the way
I used to (listen)
You always had just the right thing to say
I used to (follow) you
Never really cared where we would go
Fast or slow
To anywhere at all
