Vietnam

Vietnam is a country in Southeast Asia. I've been to this country many times, but I never get bored with it, because it has some of the most beautiful landscapes and cityscapes in the world.

The best time to visit

The rainy season in Vietnam is from May to September. In Southern Vietnam, the dry season lasts from December to late April, and the rainy season from May to December. The temperature during the day is between 20°C and 30°C, but the hottest months are March, April and May and the temperature can be 40°C. In central Vietnam, the temperatures are cooler, and the rainy season is May to October. The coast in central Vietnam sometimes has typhoons. These are hurricanes with heavy rain.

How to get there

The main airport is Ho Chi Minh City. You can travel around the country by bus, train or plane. The flights are more expensive but they are much quicker. For example, if you travel from Hanoi to Ho Chi Minh City the flight is two hours and the train trip is about 32 to 35 hours, because the trains are slow and they stop a lot of times for people to get on and get off.

Things to do

Visit Ho Chi Minh City and Hanoi, the busiest and noisiest cities in Vietnam. Here you can meet the local people and eat delicious noodles from the food trucks. Or visit Phong Nha-Ke Bang National Park. It's a beautiful park of green hills, valleys and caves. Then finish your stay on one of the beautiful wide beaches and take in the sunset.
