

4 Read and circle the correct word.

Pardis Sabeti is a doctor and a researcher. In her recent research on the *antibiotic / virus* that causes Lassa Fever, she wanted to find out why some people get the *disease / cell* and others don't. Pardis didn't just do research in her lab. She traveled to hospitals in Africa to learn more about diseases. There, she helped train medical workers to *treat / digest* people. She hopes that one day her research will help scientists to make a *symptom / vaccination* available that can *protect / invade* people against Lassa Fever.

5 Learn new words. Listen for these words and match them to the definitions. Then listen and repeat.
