

## **PARADISE - COLDPLAY**

### **1) Choose the correct words**

- When she was just/only a girl, she expect/expected the world
- But it flew/fly away from her reach and the bullets catch in her teeth
- Life goes/gone on, it gets so heavy

### **2) Fill the gaps with the missing words**

- The wheel \_\_\_\_\_ the butterfly, every tear a waterfall
- In the night, the stormy night, \_\_\_\_\_ close her eyes
- And \_\_\_\_\_ of para-para-paradise

### **3) Reorder the lines in order to complete the song**

- This could be para-para-paradise
- And so lying underneath those stormy skies
- La-la-la-la-la-la-la-la-la-la
- She'd say, "oh I know the sun must set to rise"
