Swiss Family Robinson

The Swiss Family Robinson is a novel by Johann David Wyss. It's a very exciting story. The main characters are a mother and father and their four sons, Fritz, Ernest, Jack and Franz. The family decides to travel to a new country to live. They travel on a ship with lots of other people, but there is a big storm. The ship sinks, but the family swims to an island. There aren't any other people on the island, so the family is alone.

They take things from the ship, such as clothes and

tools, to help them start a new life. The family has lots of adventures on the island and they learn a lot of important lessons.

They find out that the island has everything they need to survive. First, they use wood from the trees to build a house in a tree. When the weather is cold and wet, they move to a cave and make a home there.

They grow vegetables and fruit from seeds and they hunt animals for their meat.

They use salt to keep their meat fresh for a long time, so they are never hungry. They cook food on a fire and they use plants to make paper and clothes. They learn a lot about nature and they enjoy their life on the island.

One day, they have the chance to leave the island and go home to Switzerland, but they decide that the island is their home now. They are happy with their new life and they don't want to leave.
