

My Best Friend, Emily

I have a close friend named Emily. She is very patient and kind. Emily is always there to give a helping hand when I need it and we are like two peas in a pod: we love the same music, the same movies and share the same sense of humor. We have so much in common that sometimes we feel like sisters!

Emily is a barrel of laughs. She always knows how to make me let my hair down and have a ball. Also we love to go to the movies and feast our eyes on the latest blockbusters. We always have a whale of a time together.

She really is a person I can trust blindly. She always keeps our secrets and has never let me down. She is a loyal and sincere friend, I feel so lucky to have her in my life!

After carefully reading the previous reading, answer the questions.
