WWOOF

Do you enjoy spending time outdoors? Are you interested in a career in farming? Would you like to go travelling and learn new skills?

Then why not join the WWOOF organization and become a WWOOFer?

What does 'WWOOF' mean?

WWOOF means 'World Wide Opportunities on Organic Farms'. Sue Coppard started the organization in 1971, while she was working in London. Sue wanted to give people in the city the chance to visit the countryside, so in her free time, she organized trips to farms in England for her friends.

At first, the trips only lasted two days, but then people started staying at the farms for weeks and even months. The organization grew and now there are WWOOF farms in more than 110 countries around the world.

What is a 'WWOOFer'?

WWOOFers are workers on WWOOF farms. While staying at the farm, WWOOFers help the farmers with a variety of different jobs such as cutting wood, feeding animals and picking fruit and vegetables. WWOOFers work hard, but they don't earn a salary. Instead, the farm owners provide the WWOOFers with accommodation and food during their stay.

Why do people go 'WWOOFing'?

WWOOFing is a great opportunity to do something different. You'll be able to visit new places, meet new people and learn new skills. Many people choose WWOOFing because it's a cheap way to go travelling. As well as learning about farming, you may find out how to build walls, make cheese or bake bread. And if you become a WWOOFer in another country, you might even learn a new language!

Here are some important things to remember:

- The life of a farmer can be difficult. As a WWOOFer, you get up early and work hard. Some of the work will be very tiring. However, this means that WWOOFing is a great way to keep fit!
- Your accommodation on the farm won't be uncomfortable, but it may be quite simple. You might need to camp in a field, or stay in a farm building.
- You'll have time every day to explore and visit local attractions while you are volunteering, but after you finish your work.
