On hot summer days, kids in the USA love to drink cool and tasty drinks. One favorite is lemonade. It is made from lemons, water, and sugar. Sometimes, kids add ice to make it colder. Another drink they enjoy is iced tea. Iced tea can be sweet or not, and sometimes it has lemon and mint in it too.

Some kids also like fruit smoothies. Smoothies are made with fruits like strawberries, bananas, or blueberries. They blend the fruits with yogurt or milk. Smoothies are not only cool but also healthy.

A fun drink for kids is a milkshake. Milkshakes are made with ice cream, milk, and sometimes chocolate or other flavors. They are very sweet and often have whipped cream on top.

Kids also enjoy flavored water. They add slices of fruit like oranges, lemons, or berries to water. It tastes fresh and looks colorful.

These summer drinks help kids stay cool and enjoy their summer days even more.
