Phileas Fogg is an English 1  who makes a bet that he can travel around the entire 2  in just 80 days. He decides to start his adventure with a young

3  called Passepartout, who has developed a "space machine".

During their 4 , they visit different countries such as

5 , 6 ,
7 , 8 , 9 ,
10  and the 11 .

Phileas and Passepartout get into trouble in Egypt and a brave young 12 

whose name is Evelyn saves them. After that, she decides to travel with them.

Together, they have to do their best to be back in 13  in 80 days.

They will learn about different cultures, face many 14  and work hard

to achieve their goal. Will they succeed? Will they be able to go back to London and win the bet?

Watch the play and find out!
