

Meet Max the Monster!

Read about Max and his body parts.

Max is a very friendly and funny monster. He is tall and blue, and he loves to make new friends. Max has one big **head** on top of his shoulders. On his head, he has two bright **eyes**. His eyes are green like leaves, and they are big and round, so he can see everything around him. Max also has two big, floppy **ears**. His ears help him hear when his friends are calling him to play. Max's favorite part of his face is his **nose**! His nose is long and round, and it helps him smell all kinds of yummy food. Max has a wide, happy **mouth** with many sharp teeth, but don't worry, he doesn't bite! He uses his mouth to smile and laugh with his friends.

Max has two long, strong **arms**. His arms are so long that he can reach up high to pick apples from the trees. On each arm, he has a big **hand** with five fingers. He uses his hands to wave and clap when he's excited. He also loves to give high-fives to his friends!

Max has two short, sturdy **legs** that help him run fast. His legs may be short, but they are strong! At the end of his legs, he has two **feet**. His feet are funny and big, with three toes on each foot. Max loves to dance with his feet and jump around when he's happy.

Max's favorite game is "Simon Says." He loves to play with his friends and touch his head, arms, feet, and ears when "Simon" says. He is very good at following the game, but sometimes he gets a little too excited and jumps before Simon says!

Max also likes to go on adventures. When he goes exploring, he uses all of his body parts. He uses his eyes to see new things, his ears to hear animals, his nose to smell flowers, his hands to touch the trees, and his feet to walk around. He always has a lot of fun!

Max loves to play, explore, and dance!
