For each question, choose the correct answer.

---

You will hear an interview with inventor Luke Culotta talking about his job.

- 20 When did Luke take his first steps into inventing?
- A He made special slippers that a lot of people bought.
  - B He realised he wanted to make things people needed.
  - C He had always been a creative student at school.
- 21 What does Luke say about his first invention?
- A It wasn't anything new: he just changed a toy to make it more interesting.
  - B It was a very original invention that children could play with in their rooms.
  - C It wasn't popular until a company started selling it on TV.
- 22 Which of these objects did he most enjoy making?
- A a cushion with arms
  - B a talking watch
  - C a dog umbrella
- 23 Luke's company aims at
- A training European school students to become successful inventors.
  - B helping both teenagers and adults to sell their inventions.
  - C putting young inventors in contact with interested companies.
- 24 What is Luke's first suggestion for young inventors?
- A Apply for a patent to protect your idea from anyone trying to steal it.
  - B Remember that patent rules are not the same everywhere.
  - C Find a way to show your idea to companies that may like it.
- 25 What does Luke think about the Internet?
- A It helps people to increase their knowledge.
  - B It makes people waste a lot of time and feel stressed out.
  - C It controls people's lives, but it also helps them find new friends.
