Hello, everyone. Today I'm going to tell you how to make an omelet. To begin with, \_\_\_\_\_ two or three eggs into a \_\_\_\_\_ and beat them with a fork or \_\_\_\_\_. You can add a pinch of \_\_\_\_\_ and pepper in it. Heat a little oil or \_\_\_\_\_ in a pan over medium heat, then \_\_\_\_\_ in the beaten eggs. Let the eggs cook for a minute until they start to set. Next, add any fillings you like, such as chopped \_\_\_\_\_, cheese, or cooked \_\_\_\_\_. Once the eggs are mostly firm, carefully \_\_\_\_\_ the omelet in half using a \_\_\_\_\_. Let it cook for another minute until it's fully cooked, then \_\_\_\_\_ it onto a plate and enjoy!
