"Tell us what you like to do in your free time. Explain why you like to do this."

Crafting

In my free time, I like to make things out of wood or clay. I enjoy crafting because it is hands-on and artistic.

Every evening, I work on my projects. I carve wood into shapes or mold clay into figures. Crafting helps me focus and be creative. It also gives me a sense of accomplishment.

Making things out of wood or clay is special because it creates something unique. It is a time of creativity and skill.
