A Shop Assistant

I work as a shop assistant. My job is to help customers when they come into the store. I show them where things are and answer their questions. I like this job because I meet many new people every day. It makes me happy when I help customers find what they need. I also enjoy working with my co-workers. We work as a team, and the day goes by quickly. Sometimes, the job is a little hard when there are too many customers, but I like to stay busy. I do not like standing for many hours because it makes my legs tired, but I try to stay positive. I also like that I learn about new products in the store. Overall, I enjoy my job as a shop assistant because I help people, and every day is different.
