Date:	Thursday, August 22
Subject:	Project Coordinator Position
Attachment:	résumé_m.mcfarland.pdf

Dear Mr. Abboud,

My friend Josiah Wilkins told me that you are seeking a project coordinator for your company. I have a degree in business administration and am attaching my résumé as I think I am an excellent fit for your needs. As you will see, I have experience using several cloud-based project-management programs. Furthermore, my organizational skills enable me to coordinate multiple activities simultaneously, and I can convey expectations clearly to team members involved in each phase of a project.

My current role as project coordinator for an international engineering firm, where I have worked for the past five years, has also afforded me ample experience managing teams, schedules, and budgets. While I enjoy the kind of work I do, it has become clear to me that I need motivation from a strong mission. The goal of your company to create sustainable housing projects is something that I strongly support and would be delighted to work on.

Through my work and volunteer activities, I have spent many months abroad in various countries throughout Asia and the Middle East. This seems particularly relevant to mention, as I am comfortable leading geographically and culturally diverse teams.

Thank you for your attention, and I look forward to speaking with you soon.

Kind regards,

Maria McFarland

TEST 1 37

Questions 172-175 refer to the following article.

Gorman Unveils Newest Smartphone Model

LONDON (20 April)—Gorman Mobile unveiled its newest smartphone to an eager reception at the annual Technobrit Conference. The Pro Phone 4, which includes 512 GB of storage, a 7-inch screen display, and an optional stylus pen, will hit the shelves on 11 June. Unlike its predecessor—the Pro Phone 3—it features a larger screen, an ultrawide camera lens, and 8K-resolution filming capability.

— [1] —. The £999 starting price is £100 more than that of the previous model. Add-ons, such as the stylus pen, protective case, and wireless headphones, cost an additional £39, £59, and £79, respectively.

Gorman Product Manager Ian Hill doesn't believe the price increase will dissuade customers. — [2] —.

"The Pro Phone 4 is a game changer in terms of its picture quality and sleek design," said Hill. "Improvements were based on direct customer feedback, which cited the poor camera functionality as the biggest drawback of prior models. Our clients spoke, and we listened and adapted accordingly." — [3] —.

One similarity that the Pro Phone 4 has with previous models is the charger. Going against the trend of competing wireless companies, Gorman is instead focusing on convenience.
