

Chapter 6

Animal Conservation

In our country some areas are strictly reserved for the welfare of wildlife. Let us know about such areas :

- A National Park is an area which is strictly reserved for the welfare of wildlife. In these areas, activities like forestry, grazing and cultivation are prohibited.
- A wildlife Sanctuary is a place for the preservation and protection of animals and plants in their natural environment.
- A Bird Sanctuary is a place where birds are preserved and protected in their natural environment.

Given below is a list of National Parks and Wildlife and Bird Sanctuaries. Write their category and state:

		Category	State
1.	Bandhavgarh		
2.	Bhadra
