

HOW TO MAKE MEATBALLS

Then, boil some water in a rather large pot, at least about 2 liters.

Finally, lower the meatballs into the boiling water. When they float up to the surface, the meatballs are ready to serve.

Second, mix the spice-mixture with the eggs, the tapioca-flour and the minced meat.

After that, use your fingers, add a cup of water, and keep on working until the mixture feels soft and smooth.

First of all, mix garlic, red onion, salt, and white pepper in a mortar or mixer.

Next step, start rolling the mixture into small meatballs.
